	PUT- replace Lead data			
LPU001	Replace lead data without email		Failed ⬛ T11CA-135: Leads API/Replace lead data - is possible without mandatory email field `TO DO`	
LPU002	Replace lead data with empty body		Failed ⬛ T11CA-133: Leads API/Replace lead data - is possible with empty data `TO DO`	

ID	Description	Col3	Col4	Col5
LPU003	Replace lead data with right data		Passed	
	DELETE- remove Lead data			
LDE001	Deletes a thing of type lead by unique ID		Passed	
	Magicuser API (New invites)			
	GET the list of all Magicusers			
MG001	Get the list of Magicusers	Passed	Passed	Passed
MG002	Get the list of Magicusers- Cursor 77			Failed ⊡ T11CA-153: Magicusers API GET- Cursor value 77 shows all magicusers TO DO
MG003	Get the list of all Magicusers- limit 10			Failed ⊡ T11CA-130: Magicuser API GET limit 0 responses with all Magicusers TO DO
MG004	Get the list of all Magicusers- limit 1			Passed
MG005	Get the list of all Magicusers- limit 0			Passed
MG006	Get the list of Magicusers -constraints email text equals			Passed
MG007	Get the list of all Magicusers- limit default 50			Failed ⊡ T11CA-159: Magicusers API Get- the list of all magicusers limit default 50, but shows 100 TO DO
MG008	Get the list of all Magicusers- limit "string"			Failed ⊡ T11CA-157: Magicusers API GET- Limit value "string" shows all magicusers TO DO
	GET the list of Magicusers by unique id			
MGI001	Get Magicuser Unique_id			Passed
	POST- Create a new Magicuser			
MPO001	Create a new Magicuser			Passed
MPO002	Create a new Magicuser- 2x same name			Failed

				☑ T11CA-147: Magicusers API Post- Possible to create 2x or more exact same new Magicuser "email_text" field input TO DO
MPO003	Create a new Magicuser- without email_text field			Failed ☑ T11CA-136: Magicusers API POST-create new Magicuser without mandatory field "email_text". TO DO ☑ T11CA-141: Magicusers API POST-System allows to create new Magicuser with incorrect "email_text" field format TO DO
MPO004	Create a new Magicuser -more than 100 Symbols "email_text" field			Failed ☑ T11CA-150: Magicusers API Post- "email_text" field with more than 100 symbols TO DO
MPO005	Create a new Magicuser- incorrect email_text field format			Passed
	Funnels API			
	GET the list of all Funnels			
FG001	Get the list of Funnels	Passed	Passed	Passed
FG002	Get the list of Funnels- unauthorized	Failed ☑ T11CA-205: Funnels API- unauthorized user can GET the list of all Funnels TO DO		
FG003	Get the list of Funnels- limit 4	Passed		
FG004	Get the list of Funnels- limit -8	Passed		
FG005	Get the list of Funnels- limit zero	Passed		
FG006	Get the list of Funnels- cursor 3	Passed		
FG007	Get the list of Funnels- cursor -5	Passed		
FG008	Get the list of Funnels- cursor zero	Passed		

FG009	Get the list of Funnels- sort_field name_text descending	Passed		
FG010	Get the list of Funnels- constraints members_list_user empty	Passed		
FG011	Get the list of Funnels- constraints name_text	Passed		
FG012	Get the list of Funnels- constraints members_list_user not empty	Passed		
FG013	Get the list of Funnels- constraints stage_list_custom_stage empty	Passed		
FG014	Get the list of Funnels- constraints stage_list_custom_stage not empty	Passed		
	GET Funnel by id			
FGI001	Funnel by ID	Passed		
FGI002	Funnel by ID - no authorization	Failed ⬛ T11CA-204: Funnels API- unauthorized search by Funnel ID is possible TO DO		
	POST- Create a new Funnel			
FPO001	Create a new funnel	Failed ⬛ T11CA-61: Funnels API- POST new Funnel 1)Two Funnels with the same name can be created 2) New Funnel can be created without Funnel stages TO DO		
	PATCH- modify Funnel data			
FPA001	Modify Funnel by ID			Passed
FPA002	Modify funnel by ID- add new stage			Passed
	PUT- replace Funnel data			
FPU001	Replace Funnel by ID- all fields			Passed
	DELETE- remove Funnel data			
FDE001	Deletes a thing of type funnel by unique ID			Passed

	Stages API			
	GET the list of all Stages			
SG001	Get the list of Stages	Passed	Passed	Passed
	GET Stage by id			
SGI001	Get stage data by unique Id			Passed
	POST- Create a new Stage			
SPO001	Create a new Stage			Passed
SPO002	Create a new Stage-no funnel, no deal	Failed ⬛ T11CA-61: Funnels API- POST new Funnel 1)Two Funnels with the same name can be created 2) New Funnel can be created without Funnel stages TO DO		
SPO003	Create a new Stage- no funnel, no deal invalid color_option_color	Passed		
SPO004	Create a new Stage-no funnel, no deal name type boolean	Passed		
SPO005	Create a new Stage identical Name	Passed		
SPO006	Create new Stage with empty fields	Passed		
	Deals API			
	GET the list of all Deals			
DG001	Get the list of Deals	Passed	Passed	Passed
DG002	Get the list of Deals, no authorization	Failed ⬛ T11CA-220: Deals API - possible to retrieve all Deals with no authorization TO DO		
DG003	Get list of Deals-cursor 5, count 5	Passed		
DG004	Get list of Deals-negative cursor value	Failed ⬛ T11CA-221: Get list of all Deals- negative cursor request with wrong error message TO DO		

DG005	Get list of Deals- sort by company_name_text, boolean- false	Passed		
DG006	Get list of Deals- sort by "Created Date"	Passed		
DG007	Get list of Deals- filtered by file_list_custom_data_file	Passed		
DG008	Get list of Deals- filtered by status_option_status "In progress", "Lost" and "Won"	Passed

DG010	Get list of Deals- filtered by logo_image	Passed		
	GET Deal by id			
DGI001	Get Deal by Id	Passed		
DGI002	Get Deal by Id - no authorization	Failed ⬛ T11CA-222: Deals API- possible to retrieve Deal by unique ID without authorization TO DO		
	POST- Create a new Deal			
DPO001	Create new deal with min field set		Passed	
DPO002	Create new deal with max field set		Passed	
DPO003	Create new deal with empty body		Passed	
DPO004	Create new deal without assignee_user		Failed ⬛ T11CA-232: Deals API/ POST - It is possible to create new deal without assignee user TO DO	
DPO005	Create new deal without company_name		Failed ⬛ T11CA-234: Deals API/ POST - It is possible to create new deal without company_name TO DO	
DPO007	Create new deal without deal_value_estimation_number		Passed	
DPO008	Create new deal without name_text		Failed ⬛ T11CA-329: Deals API/ POST - It is possibl	

			e to create new deal wit hout name_text TO DO	
DPO009	Create new deal without order_number		Failed ☒ T11CA-330: Deals A PI/ POST - It is possibl e to create new deal wit hout order_number TO DO	
DPO010	Create new deal without status_option		Failed ☒ T11CA-331: Deals A PI/ POST - It is possibl e to create new deal wit hout status_option TO DO	
DPO011	Create new deal company_name_text number		Failed ☒ T11CA-332: Deals A PI/ POST - It is possibl e to create new deal wit h company_name_text numbers TO DO	
DPO012	Create new deal deal_value_estimation_number string		Passed	
DPO013	Create new deal name_text number		Failed ☒ T11CA-333: Deals A PI/ POST - It is possibl e to create new deal wit h name_text numbers TO DO	
DPO014	Create new deal status_option_status incorrect		Passed	
DPO015	Create new deal visible_to_list_user boolean		Passed	
DPO016	Create new deal visible_to_list_user non exist.		Passed	
	PATCH- modify Deal data			
DPA001	Modify deal data of existing deal by assigne_user		Passed	
DPA002	Modify deal data of existing deal by company_name_text		Passed	
DPA003	Modify deal data of existing deal by deal_value_estimation_number text		Passed	
DPA004	Modify deal data of existing deal by		Passed	

	description_text number			
DPA005	Modify deal data of existing deal by lead_custom_lead		Failed 🔴 T11CA-235: Deals API/ PATCH - It is not possible to modify the lead of an ex.deal TO DO	
DPA006	Modify deal data of existing deal by name_text		Failed 🔴 T11CA-237: Deals API/ PATCH - It is not possible to modify the name text field of an ex.deal TO DO	
DPA007	Modify deal data of non existing assigne_user		Passed	
DPA008	Modify deal data with valid ID		Passed	
DPA009	Modify deal data by lead_custom_lead non existent		Passed	
DPA010	Modify deal data by assigne_user non existent		Passed	
DPA011	Modify deal data by file_list_custom_data field non existent		Passed	
DPA012	Modify deal data by funnel_custom_funnel1		Passed	
DPA013	Modify deal data by lead_custom_lead non existent		Passed	
DPA014	Modify deal data by logo_image		Passed	
DPA015	Modify deal data by logo_image non an URL		Passed	
DPA016	Modify deal data by note_list_custom_note		Passed	
DPA017	Modify deal data by note_list_custom_note non exist		Passed	
DPA018	Modify deal data order_number		Passed	
DPA019	Modify deal data by status_option_status		Passed	
DPA020	Modify deal data by status_option_status non existent		Passed	
DPA021	Modify deal data by visible_to_list_user		Passed	
	PUT- replace Deal data			
DPU001	Replace the deal data with a new set of data		Passed	

DPU002	Replace the deal data with empty body		Passed	
	DELETE- remove Deal data			
DDE001	Delete existing deal		Passed	
DDE002	Delete non existing deal		Passed	
	Notes API			
	GET the list of all Notes			
NG001	Get the list of Notes	Passed	Passed	Passed
NG002	Get the list of all Notes - no auth	Failed 🔴 T11CA-247: Notes API GET by id-System accepts to GET a note by ID without any authorization TO DO		Failed 🔴 T11CA-223: Notes API- possible to retrieve Note by unique ID without authorization TO DO
NG003	Get the list of all notes- limit 7	Passed		Passed
NG004	Get the list of all notes- cursor 7	Passed		Passed
NG005	Get the list of all Notes- by sort_field Created Date	Passed		Passed
NG006	Get the list of all Notes- sort_field Modified Date, DESC			Passed
NG007	Get the list of all Notes- sort_field Created By	Failed 🔴 T11CA-260: Notes API- not possible to sort the Notes by sort_field Created By TO DO		
NG008	The list of all Notes by content_text constraint	Passed		
		Passed		
	GET Note by id			
NGI001	Get Note by Id	Passed	Passed	Passed
NGI002	Get Note by Id - no authorization	Failed 🔴 T11CA-223: Notes API- possible to retrieve Note by unique ID without authorization TO DO		

POST- Create a new Note				
NPO001	Create a new Note			Passed
NPO002	Create a new Note- random text	Passed		Passed
NPO003	Create a new Note- empty body	Failed ■ T11CA-250: Notes API- possible to create Note with empty "body" TO DO		
PATCH- modify Note data				
NPA001	PATCH a Note by ID			Failed ■ T11CA-248: Notes API PATCH a note by ID- Its not possible to modify note by id TO DO
NPA002	PATCH a Note by ID- no authorization	correct error code		
NPA003	PATCH a note by invalid ID	can't test because: ■ T11CA-248: Notes API PATCH a note by ID- Its not possible to modify note by id TO DO		
NPA004	PATCH a note by id- boolean	Passed		
NPA005	PATCH a note by id- numeric	Passed		
NPA006	PATCH a note by id- empty body	Failed ■ T11CA-265: Notes API- possible to PATCH an empty body note TO DO		
NPA007	PATCH a note by id- empty content	Failed ■ T11CA-266: Notes API- wrong error message to empty body PATCH request TO DO		
PUT- replace Note data				
NPU001	PUT a note by Unique_id			Passed
NPU002	PUT a note by empty Unique_id			Passed
NPU003	PUT a unauthorized note by Unique_id			Passed
DELETE- remove Note data				
NDE001	DELETE a note by unique_id			Passed
NDE002	DELETE a note by invalid unique_id			Passed

	End-to-end test cases:			
	Managing Deal Created from a Lead (via API)- lost deal			
E2E01	Create a Lead via API			Passed
E2E02	Lead created via API is visible in UI			Passed
E2E03	Create a new Deal using Lead created via UI			Passed
E2E04	Check the data of the Deal via API			Passed
E2E05	Update the Deal logo via API			Passed
E2E06	Logo update is visible in UI			Passed
E2E07	Deal can be marked as Lost			Passed
E2E08	Deal marked as Lost is shown as Lost in GET Deal API			Passed
	Tracking Deals on User Dashboard			
TDUD01	Create a Deal via API	Passed		
TDUD02	Deal created via API is visible in UI	Failed ⬛ T11CA-352: Deals API- E2E- Deal created via API does not display all info via UI TO DO		
TDUD03	Change the Deal's value via UI	Failed ⬛ T11CA-353: Deals API- E2E- You cannot change ONLY Deal's value in UI edit Deal mode TO DO		
TDUD04	Deal's new "Approximate value" is shown in GET Deal API	Failed ⬛ T11CA-353: Deals API- E2E- You cannot change ONLY Deal's value in UI edit Deal mode TO DO		
	New Users Managing			
NUM01	Create a new request to invite user via API		Passed	
NUM02	Creating account by received email		Failed ⬛ T11CA-357: Magicus er API/ POST - the user	

			not received invitation `TO DO`	
NUM03	Verification of User data via API		Passed	
NUM04	User created via API is visible in UI		Passed	
NUM05	Update user full name and password via API		Failed ⬛ T11CA-359: Magicus er API/ PATCH - The us er can not change full n ame and pass `TO DO`	
NUM06	Update user full name and password via UI		Passed	
NUM07	The user creates a new lead via API		Passed	
NUM08	The user creates a new deal via UI		Passed	
NUM09	Lead created via API is visible in UI		Passed	
NUM10	Check the data of the deal via API		Passed	
NUM11	The user deletes newly created lead via UI		Passed	
NUM12	The user deletes newly created deal via UI		Passed
